## OUR LEADERSHIP

### Mr. Sham Somani

Founder & Managing Director

BE and M Tech. from Visvesvaraya Regional College of Engineering, Nagpur (Now VNIT), Mr. Sham Somani devoted 12 years to serve Nagpur University, as the head of the computer center.

He built examination, accounts, payroll, administration software for Nagpur University in 1990-2000, and then started MasterSoft with an aim to impact education with ease of processes & automation.

MasterSoft is built on the vision & understanding of comprehensive processes adopted by educational institutions to create maximum value while maintaining the ease of operations.

### Dr. R. Natarajan

Formerly Director, IIT, Madras  
Chairman, AICTE, India

### Dr. S. S. Gokhale

Formerly Dean-IIT Madras,  
Director NIT-Kozhikode, Raipur,  
Nagpur, Mizoram, The LNMIIT,  
Jaipur

### Mr. Sharad Heda

Chief of Staff - Microland

### Mr. Madhusudan Kela

Founder of MK Ventures

## ERP VALUE PROPOSITION

Besides being user-friendly, the proposed system shall bring in a lot of value to Institute through this program. Major values delivered through this solution are:

- Future ready solution, leveraging latest technologies **CLOUD** for the benefit of Institute/Society – **Powered by Microsoft Azure**
- Creates an impact on students & parents as a technological advanced Institute – No Queues, Ease of Transaction, Auto SMS & Email Updates...
- Secure online Payments – Students can pay as per the convenience practically 24x7
- Ease of Multiple campus management using a single system
- Complete automation of all operations
- Highest Priority in New Changes as auto update of software with all latest features
- 100% Data Security & No Chances of Manipulation saves lot of resources for Society
- Auto Update on Email to Top Management – Principal, Secretary & others
- Cost Effective Solution as no in-house servers required
- Increase Productivity as 24x7 access to all via secured logins
- Transparency
- Mobile apps
- Accurate reporting through Graphs and Charts – NAAC / RUSA / NBA ...
- Easy to use & supports Green Zone
- Support for all devices & All browsers
- Privacy Controls
- A hotline to assist you on a day-to-day basis
- Efficiency of business process through Integrated Solution
- Single Integrated Solution – avoiding Data duplication, redundancy and inconsistency
- Ability to scale-up for large user base as well as additional functionalities.
- Ease of Integration with latest technology like – RFID, Payment Gateway, SMS & Email Gateway, Biometrics etc.
- Advanced Security Levels implemented through the solution architecture and Role Based Access to the user community.
- Multilingual Functionalities using UNICODE which helps in preparing reports
- Efficient decision making through analysis of data from across organization.
- Proven Solution architecture for Indian Education System.
- Rugged Solution Implementation approach - cutting across users, functions, development process & methodologies.

## WHAT DIFFERENTIATES CCMS<sup>®</sup>

CCMS<sup>®</sup> is our Own ERP developed since 2000 and is Fully Developed as per the needs 2000+ Educational Institutions in India. All requirements have been developed & integrated in the ERP.

Continuous process of R&D and introducing of best practices & new features and reports like NAAC, RUSA, Lead Management, OBE...

We understand that requirements of Educational Institutions are unique and highly specialized that needs a complete understanding of the domain of learning & education.

CCMS<sup>®</sup> may come forward as the best ERP software for your society because it is a unique product which is not only flexible but also robust and can cater to all the needs of Educational Societies which has all varieties of programs running under its multi-campus organization structure.

In light of above, CCMS<sup>®</sup> is an ERP solution which would allow Society to easily handle all the activities and manage the same from a single interface.

In sum, CCMS<sup>®</sup> with its rich set of features, diverse reporting, multi campus capability, various portals, mobile app configurability, automation benefits, and efficient after-sales support will prove to be an ideal solution for your esteemed group as a 21<sup>st</sup> Century institution par excellence.

The success of the project lies in the following factors:

- Success across 2000+ Institutions in
- Fastest Implementation - QUICK ROI
- Training By The Most Experienced People In Education ERP
- Multi-Lingual
- Accurate & Speedy Data Migration from Existing Solution
- Smart Phone Apps for Students, Faculty and Parents
- Excellent security, backup & recovery features
- Supports majorly latest technologies

## Accreditation Data Management – NAAC

## 5. Student Support and Progression

## 6. Governance, Leadership and Management

## 7. Institution Values and Best Practices

## Cloud Understanding, Duties & Responsibilities

- **In Campus IT Infrastructure:** IT infrastructure support for all the Users of Institute & MasterSoft Onsite support Team - such as office space, workstations, servers, communication links, email, printing, faxing, and scanning facilities etc. will be responsibility of Institute.
- **Healthy & High-speed internet on Campus:** High speed internet is must in Campus especially when students are accessing the Cloud MIS from Campus. Adequate Internet speed needs to be provided by Institution based on number of Users who may access Cloud MIS simultaneously from Campus. For un-interrupted internet connectivity, It is preferred that Campus have internet connections from multiple agencies with proper fire-wall so that users do not have access to un-necessary entertainment site where heavy internet may be used un-necessarily. Institute needs to make such arrangement. Institution may require extra internet at the time admissions, examination when student will access Cloud regularly.
- **ERP Speed at User Computer:** The Cloud Server uses high end modern CPU & High-speed RAM. Very High-Speed Semiconductor Hard Disks are used by Cloud & there is almost zero delay at Cloud. The Speed of ERP at User Computer solely depends on configuration of User Computer / mobile, internet speed at that moment in his computer & Health of computer. Many times, User needs to optimize his own computer by making it virus free, removing cookies, deleting temporary file, deleting un-necessary software resident in RAM. Institute System Administrator needs to take care of such issues of main User Computers who will be using Clouds continuously.
- **Configuring ERP:** The ERP is very flexible. User need to prepare, check & provide complete information related to selected modules. MasterSoft will assist User in configuring ERP.
- **ERP Philosophy:** A ERP is built with several years of implementation experience at several prestigious clients which includes many NITs, Deemed Universities, Central Universities & Autonomous colleges. ERP is built with almost single database for all the Campuses with standardization of Process. ERP provides all major configurations so that ERP can be configured to match most of your requirements. For stability of ERP structural changes are not possible.
- **ERP Implementation:** ERP is role based and very easy to use. MasterSoft will provide adequate training to Users. However, it's a major application success requires lot of User Understanding & co-operation & management pursuance at initial stages. You may be replacing your existing MIS with this new ERP. So Basic structure of our ERP is different, and User will need some time to adjust to new ERP flow & methodology.

- **ERP upgrade / Maintenance & downtime:** As of now, MasterSoft has hosted solution on world known cloud SQL Mart. In implementation period of six to eight months, ERP will be upgraded on cloud almost on daily basis during off hours of Institute – normally in late evening. Once ERP is fully functional & in active usage, all the major ERP upgrades are uploaded in Cloud by MasterSoft on Institute weekly off days on fixed time in SLA. Any urgent upgrade is taken by us will be with mutual consent. So ERP will be off for Users for few minutes / hours during such time. However, there can be system software failure or there can be maintenance schedule (Scheduled / as well as breakdown) by Cloud company for Cloud Hardware, network, System software or Malicious attacks. This will lead to non-availability of ERP to Users for few minutes/hours. All efforts will be taken to avoid any scheduled maintenance during Institution working hours.
- **Backup & Disaster Recovery:** Multiple backups & recovery arrangements are in place for ERP– both by Cloud provider as well as by MasterSoft. Please study our backup & recovery process document on our official web site for further details. Mainly it includes
  - \* Semiconductor Hard drives with almost zero failure rates
  - \* RAID control which keeps data on two or more HDD
  - \* Scheduled backup on extra drive in Cloud by MasterSoft
  - \* Daily backup on MasterSoft alternative Server
  - \* Provision to Institutions to download Complete data in Excel Format on daily basis
  - \* Backups by Cloud company.Considering these mechanisms, there is rarest of rare chance of any major data loss from Cloud. However, if this happens because of any reasons such malicious attack by Hackers / Virus / sabotage, Fire / Flood at Cloud premises, Earthquake/ damage due to Riots / strikes etc.; MasterSoft will recover the System & data from its backup devices & re-start the cloud ASAP. However, Client will patiently accept the situation till MasterSoft recovers the data & system under such circumstances. There may be loss of few to at the most one day transactions which are to be re-entered by Users.... Maximum penalty in such cases will be USD 100 for such major instant where cloud is off due to breakdown for more than 24 hours...

**Data Security:** Since its Inception in 1995, MasterSoft never sales / shares / usages any data of client (whether confidential or not) with anyone under any circumstances. Best practices are adopted by MasterSoft to secure the data from Hacking / Virus/ Malicious attacks. However, in the event of such rarest of rare attack where security is breached & data is lost, Master Software will not be responsible and will not be liable to any sort of penalty under any circumstances. Institution staff & faculty / Students / parents must take utmost care and not to share the password with anyone. MasterSoft may only use sample non confidential data of Institute for demo purpose... same as we have shown to you before finalizing this order.

## WHY MASTERSOFT ERP SOLUTIONS PVT. LTD.

We strongly believe that with **20+ Years** of experience in providing E-Governance ERP solutions to major Educational Institutes across India, our understanding and deep hands-on experience with Education domain positions us favorably to meet the requirement.

**Our experience can be seen in various solutions catering to diverse range of institutions such as Arts, Commerce, Science, Schools... Engineering, Polytechnic, Pharmacy, MBA, Medical Sciences, which are considered as the most User-Friendly ERP by Academicians.**

MasterSoft is a Market Leader & the Most preferred solution partner with **2000+** Installations with an Exclusive focus on ERP for Educational Institutions. This is a testimony of our strength, robustness and understanding of processes along with domain.

- Our Premium Clients include **40+ Autonomous Campuses** - **Mizoram University** Aizwal, **MAKAUT West Bengal**, **Indus University** Ahmedabad, **SVVV University** Indore, **BIT Mesra** Ranchi, **Sarala Birla University** Ranchi, **Acharya Bangalore Business School...** & **several Institutions of repute** – LNMIIT Jaipur, Rasoni Group, Meghe Group, TACW Villipuram, HSNB Board, Deccan Education Society, Konkan Gyanpeeth, Zeal Education...
- **13+ National Institute of Technology (NITs)** – Srinagar, Jamshedpur, Surat, Raipur, Goa, Mizoram, Manipur, Agartala ... & **Govt. Engineering College** – Goa, Amravati, Aurangabad, Karad, Jalgaon, VJTI Mumbai...
- Compliant with requirements of various Govt. Bodies (Board, Govt. Welfare Office & Society) and **Accreditation Bodies** (NAAC, NBA...)
- OEM (Original Software Developers) and have the IPR (Copyrights©) for all the Products.
- Quick ROI as **Minimum Implementation Time** to GO LIVE.
- Introduction of modern-day tools like RFID, Smart Phone Apps, SMS and Email Integration, Payment Gateway Integration etc. adds strength to our Solutions.

We understand the needs of Indian academicians and the daily challenges they face are quite different and demanding than any other part of the world. Thus, all our solutions are designed to cater to these requirements and address such challenges.

Institutions under following **Ministries of GOI** have trusted us over the years:

- **MHRD** - Ministry of Human Resource and Development
- **MOD** - Ministry of Defence
- **MIB** - Ministry of Information and Broadcasting
- **DTE** – Dept. of Higher & Technical Education; Govt. of Maharashtra & Goa
- **Ministry of Petroleum and Natural Gas**
- **Ministry of Mines**

## OUR LEADERSHIP

### Mr. Sham Somani

Founder & Managing Director

BE and M Tech. from Visvesvaraya Regional College of Engineering, Nagpur (Now VNIT), Mr. Sham Somani devoted 12 years to serve Nagpur University, as the head of the computer center.

He built examination, accounts, payroll, administration software for Nagpur University in 1990-2000, and then started MasterSoft with an aim to impact education with ease of processes & automation.

MasterSoft is built on the vision & understanding of comprehensive processes adopted by educational institutions to create maximum value while maintaining the ease of operations.

### Dr. R. Natarajan

Formerly Director, IIT, Madras  
Chairman, AICTE, India

### Dr. S. S. Gokhale

Formerly Dean-IIT Madras,  
Director NIT-Kozhikode, Raipur,  
Nagpur, Mizoram, The LNMIIT,  
Jaipur

### Mr. Sharad Heda

Chief of Staff - Microland

### Mr. Madhusudan Kela

Founder of MK Ventures

## ERP VALUE PROPOSITION

Besides being user-friendly, the proposed system shall bring in a lot of value to Institute through this program. Major values delivered through this solution are:

- Future ready solution, leveraging latest technologies **CLOUD** for the benefit of Institute/Society – **Powered by Microsoft Azure**
- Creates an impact on students & parents as a technological advanced Institute – No Queues, Ease of Transaction, Auto SMS & Email Updates...
- Secure online Payments – Students can pay as per the convenience practically 24x7
- Ease of Multiple campus management using a single system
- Complete automation of all operations
- Highest Priority in New Changes as auto update of software with all latest features
- 100% Data Security & No Chances of Manipulation saves lot of resources for Society
- Auto Update on Email to Top Management – Principal, Secretary & others
- Cost Effective Solution as no in-house servers required
- Increase Productivity as 24x7 access to all via secured logins
- Transparency
- Mobile apps
- Accurate reporting through Graphs and Charts – NAAC / RUSA / NBA ...
- Easy to use & supports Green Zone
- Support for all devices & All browsers
- Privacy Controls
- A hotline to assist you on a day-to-day basis
- Efficiency of business process through Integrated Solution
- Single Integrated Solution – avoiding Data duplication, redundancy and inconsistency
- Ability to scale-up for large user base as well as additional functionalities.
- Ease of Integration with latest technology like – RFID, Payment Gateway, SMS & Email Gateway, Biometrics etc.
- Advanced Security Levels implemented through the solution architecture and Role Based Access to the user community.
- Multilingual Functionalities using UNICODE which helps in preparing reports
- Efficient decision making through analysis of data from across organization.
- Proven Solution architecture for Indian Education System.
- Rugged Solution Implementation approach - cutting across users, functions, development process & methodologies.

## WHAT DIFFERENTIATES CCMS<sup>®</sup>

CCMS<sup>®</sup> is our Own ERP developed since 2000 and is Fully Developed as per the needs 2000+ Educational Institutions in India. All requirements have been developed & integrated in the ERP.

Continuous process of R&D and introducing of best practices & new features and reports like NAAC, RUSA, Lead Management, OBE...

We understand that requirements of Educational Institutions are unique and highly specialized that needs a complete understanding of the domain of learning & education.

CCMS<sup>®</sup> may come forward as the best ERP software for your society because it is a unique product which is not only flexible but also robust and can cater to all the needs of Educational Societies which has all varieties of programs running under its multi-campus organization structure.

In light of above, CCMS<sup>®</sup> is an ERP solution which would allow Society to easily handle all the activities and manage the same from a single interface.

In sum, CCMS<sup>®</sup> with its rich set of features, diverse reporting, multi campus capability, various portals, mobile app configurability, automation benefits, and efficient after-sales support will prove to be an ideal solution for your esteemed group as a 21<sup>st</sup> Century institution par excellence.

The success of the project lies in the following factors:

- Success across 2000+ Institutions in
- Fastest Implementation - QUICK ROI
- Training By The Most Experienced People In Education ERP
- Multi-Lingual
- Accurate & Speedy Data Migration from Existing Solution
- Smart Phone Apps for Students, Faculty and Parents
- Excellent security, backup & recovery features
- Supports majorly latest technologies

## CCMS® MODULES

Student Life Cycle

Faculty Life  
Cycle

Campus Life  
Cycle

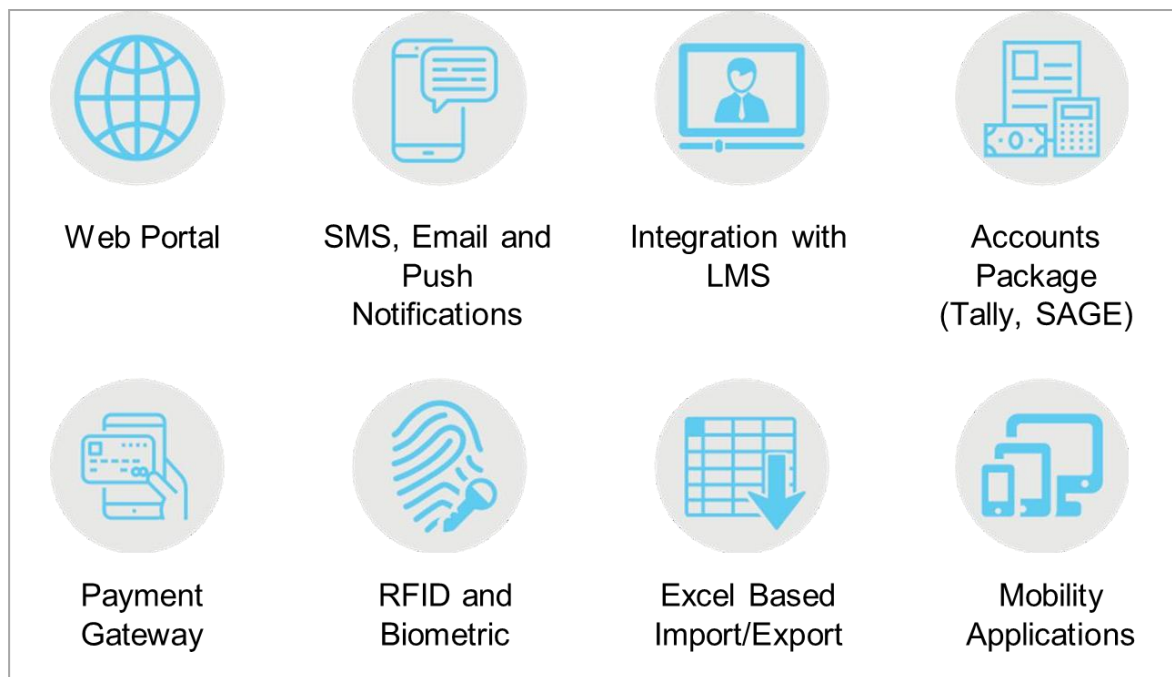

### Student Life Cycle

- ✓ Online Registration and Merit List
- ✓ Admissions Process
- ✓ Online Fees Collection
- ✓ Student Administration
- ✓ Academic Management
- ✓ Timetable & Attendance
- ✓ E-Learning (ITLE)
  - Home-work
  - Conduction of Internal Assignment
- ✓ Examination & Results
  - Junior College – As per Board
  - Degree College - Affiliated
- ✓ Student Feedback
- ✓ LMS
- ✓ Payroll

### Accreditation Data Management System

- Students Data as Per NAAC Requirements
- Teachers Data as Per NAAC
- DBMS for all institute related activities
- Reports from system as per the criteria

## SERVICE INTEGRATIONS

## SECURITY

## MASTERSOFT CLOUD DATA POLICY

Data Ownership

- 100% Ownership by Institute & Society
- 100% Secrecy Maintained
- No PI / SPI Data is stored

Data Handover

- Institute Admin. can Download data daily or as per convenience
- Print / Store Reports daily or as per convenience
- Daily Auto email of reports by System
- Year End / Closure – Complete Data Handover

Data Protection

- Agreement for Protection of Data
- Diagnostics and Analysis for Alerts on Un-Authorized / Fraudulent Transactions

## DUTIES & RESPONSIBILITIES

- **MasterSoft Team**
  - Setup of ERP
  - Configuration & Customization
  - Data Migration
  - Up-time of 99%
  - User training & Handholding
  - Onsite / On-line Best Service support
  - Reporting - Auto email reporting
- **Institute Users**
  - Participate in ERP training & Configure ERP
  - Data Handover for upload in ERP – Student / Faculty
  - Go live – Perform Day to day work in ERP
  - Daily Report Backup & Printing
  - Request for support - Email / Ticket
  - Attending MasterSoft Live Webinars

## ERP PROJECT AT 'Inderprastha Dental College, Ghaziabad'

As discussed in the meeting, and further based on our understanding towards building the state of art technology infrastructure for your Educational Society, we propose:

- To minimize the redundancies and duplication of effort by seamless integration of data and processes across various functionalities
- To provide mechanism for enriching and strengthening communication flow across students, management, teachers, and other stakeholders associated with Society.
- To facilitate the management co-ordinate & control the functioning of the Schools & Colleges
- To provide technology tools for the management in assessing and measuring the performance of the Institutions in various functional areas.
- To facilitate timely and astute decision-making processes for the management through comprehensive reporting system based on online-data and information at any point of time.
- To enhance the progressive work culture of Group.
- To enhance all these above stated data & information transactions in a secure environment to take care of data integrity & confidentiality.

### OUT OF SCOPE

- *Engineering Autonomous Institution, Medical Institutions, Deemed / Cluster University in Future the Scope needs to be defined additionally and separate discussions will be done and currently treated as Out of Scope*
- *Providing required hardware in the form of servers, barcode readers, swipe card reader, printers, Biometrics etc.*
- *Installation and deployment of any such support hardware / software and networking.*
- *Providing infrastructural support such as Internet connectivity, wires, networking etc.*
- *Providing stationeries in forms of papers, pens, cartridges, markers etc.*
- *Conducting Proctored Online Examination*
- *Any other thing not mentioned in "In scope" and detailed feature list.*

## FINAL COMMERCIAL OFFER: OPEX MODEL

PER STUDENT BILLING WITH ONE TIME SETUP

### INITIAL SETUP COST: ONE TIME

S.N.	Description	Amount (INR) <i>Per Institute</i>
1.	<b>One Time Setup Cost</b> <ul style="list-style-type: none"> <li>Institute Creation</li> <li>Master Setup, Configuration of Logos &amp; Basic Alignment</li> <li>Detailed Implementation &amp; Training – Online &amp; Onsite as required</li> <li>Functional Alignment for all Important Modules</li> <li>Data Migration from Standard Excel Format – Live Students Only</li> <li>Integration of Payment Gateway Standard</li> <li>SMS &amp; Email Integration</li> <li>Best Online &amp; Onsite Service Support</li> <li>Transactional SMS Complimentary – High Priority – 25,000 SMS</li> <li>Modules as mentioned Above 'In Scope'</li> </ul>	
a.	<b>Colleges Affiliated –</b> ( Setup Cost for ERP )	2,00,000 + Taxes

## **FOLLOW-ON BILLING: Per Annum**

<b>S.N.</b>	<b>Description &amp; Billing Units</b>	<b>Per Annum</b>
2.	<b>Per Annum</b> -Applicable from Academic Session(2021-22) -Student Billing- 600	
a.	<b>Mobile Application</b>	Complimentary
b.	<b>Trust Management Dashboards</b>	Complimentary

## **MINIMUM CONTRACT PERIOD**

- 36 Months from the month of Onboarding the Users.
- Exit Clause 06-months' Notice Period & smooth handover from either side without any charges.
- 5% Escalation on Per Annum cost after completion of First Year.

## **PAYMENT MILESTONE**

### **One-time Setup Cost**

- 100% Setup cost with Purchase Order and Signing the Agreement

### **Per Annum**

- Annual Payments Per Year after completion of admission cycle.

### **Service Support:**

- Onsite & Online Best Support as per the requirements of the Institute.

## **CONFIGURATIONS d& CHANGES**

- Since this is a Cloud System designed with Experience of 2000+ Institutions and considering the set standards for modules like Library, Accounts... Structural Changes will be avoided where the Data Structure of the system will be altered. However, the Instituterequirements will be fulfilled with functional level customizations.
- All changes like Configuration of Group / Trust Logo, reports like ID card, Students Sections like Certificates... will be done
- E-Learning Video Lectures and all the attachment submitted by students will be saved separate data server for cost optimization or Institute can store on their own Cloud Servers.
- The detailed Initial trainings and deployment activities will be preferably at Institute Central Location(s) / Cluster Location (s).
- Payment integration as desired by ILEAD Management will be with standard Payments /Banks like – Paytm / Bill Desk / Tech Process / Atom / Razor pay Payment Gateway etc.
- Any additionally required configurations and customizations will be completed in 02-03 Months' time frame.
- Customizations in Cloud will be on-going and as per priorities set mutually. Payments cannot be delayed for the same neither can be on pro-rata basis.

- User Interest and support will be responsibility of the Institute Management.
- Any third-party integration & recurring charges will be charged extra in proportion to costs to MasterSoft.
- Additional Dedicated Onsite Manpower at extra charges

## PRICING ASSUMPTIONS

- Any Hardware required for onsite support is not included in the proposed costs.
- Modules other than those mentioned in the Scope are not considered and will be quoted extra if required in future.
- IT infrastructure support for Onsite Team such as office space, workstations, servers, communication links, email, printing, faxing and scanning facilities etc. will be responsibility of Institute.
- Users will be given user training for their respective modules and to make them understand the processes. As per requirement we will also support through online tools from our Head Office for extending our best support.
- Institute will ensure that the key personnel are available during initial Demonstrations and Training Sessions at Unit Level to be organized Centrally and at Institute Level
- **ON-SITE ACCOMODATION:** Appropriate Accommodation for our Team Members visiting INSTITUTE sites from time to time for Training & Support as a part of Implementation, review and various activities associated with the Project will be the responsibility of the Institute.
- **Non-Hiring:** Institute will not hire directly/indirectly any employee of Master's Software during the period of engagement and until 5 years from the end date of engagement with MasterSoft.

**Yours Sincerely**

## Accreditation Data Management – NAAC

## 5. Student Support and Progression

## 6. Governance, Leadership and Management

## 7. Institution Values and Best Practices

## Cloud Understanding, Duties & Responsibilities

- **In Campus IT Infrastructure:** IT infrastructure support for all the Users of Institute & MasterSoft Onsite support Team - such as office space, workstations, servers, communication links, email, printing, faxing, and scanning facilities etc. will be responsibility of Institute.
- **Healthy & High-speed internet on Campus:** High speed internet is must in Campus especially when students are accessing the Cloud MIS from Campus. Adequate Internet speed needs to be provided by Institution based on number of Users who may access Cloud MIS simultaneously from Campus. For un-interrupted internet connectivity, It is preferred that Campus have internet connections from multiple agencies with proper fire-wall so that users do not have access to un-necessary entertainment site where heavy internet may be used un-necessarily. Institute needs to make such arrangement. Institution may require extra internet at the time admissions, examination when student will access Cloud regularly.
- **ERP Speed at User Computer:** The Cloud Server uses high end modern CPU & High-speed RAM. Very High-Speed Semiconductor Hard Disks are used by Cloud & there is almost zero delay at Cloud. The Speed of ERP at User Computer solely depends on configuration of User Computer / mobile, internet speed at that moment in his computer & Health of computer. Many times, User needs to optimize his own computer by making it virus free, removing cookies, deleting temporary file, deleting un-necessary software resident in RAM. Institute System Administrator needs to take care of such issues of main User Computers who will be using Clouds continuously.
- **Configuring ERP:** The ERP is very flexible. User need to prepare, check & provide complete information related to selected modules. MasterSoft will assist User in configuring ERP.
- **ERP Philosophy:** A ERP is built with several years of implementation experience at several prestigious clients which includes many NITs, Deemed Universities, Central Universities & Autonomous colleges. ERP is built with almost single database for all the Campuses with standardization of Process. ERP provides all major configurations so that ERP can be configured to match most of your requirements. For stability of ERP structural changes are not possible.
- **ERP Implementation:** ERP is role based and very easy to use. MasterSoft will provide adequate training to Users. However, it's a major application success requires lot of User Understanding & co-operation & management pursuance at initial stages. You may be replacing your existing MIS with this new ERP. So Basic structure of our ERP is different, and User will need some time to adjust to new ERP flow & methodology.

- **ERP upgrade / Maintenance & downtime:** As of now, MasterSoft has hosted solution on world known cloud SQL Mart. In implementation period of six to eight months, ERP will be upgraded on cloud almost on daily basis during off hours of Institute – normally in late evening. Once ERP is fully functional & in active usage, all the major ERP upgrades are uploaded in Cloud by MasterSoft on Institute weekly off days on fixed time in SLA. Any urgent upgrade is taken by us will be with mutual consent. So ERP will be off for Users for few minutes / hours during such time. However, there can be system software failure or there can be maintenance schedule (Scheduled / as well as breakdown) by Cloud company for Cloud Hardware, network, System software or Malicious attacks. This will lead to non-availability of ERP to Users for few minutes/hours. All efforts will be taken to avoid any scheduled maintenance during Institution working hours.
- **Backup & Disaster Recovery:** Multiple backups & recovery arrangements are in place for ERP– both by Cloud provider as well as by MasterSoft. Please study our backup & recovery process document on our official web site for further details. Mainly it includes
  - \* Semiconductor Hard drives with almost zero failure rates
  - \* RAID control which keeps data on two or more HDD
  - \* Scheduled backup on extra drive in Cloud by MasterSoft
  - \* Daily backup on MasterSoft alternative Server
  - \* Provision to Institutions to download Complete data in Excel Format on daily basis
  - \* Backups by Cloud company.Considering these mechanisms, there is rarest of rare chance of any major data loss from Cloud. However, if this happens because of any reasons such malicious attack by Hackers / Virus / sabotage, Fire / Flood at Cloud premises, Earthquake/ damage due to Riots / strikes etc.; MasterSoft will recover the System & data from its backup devices & re-start the cloud ASAP. However, Client will patiently accept the situation till MasterSoft recovers the data & system under such circumstances. There may be loss of few to at the most one day transactions which are to be re-entered by Users.... Maximum penalty in such cases will be USD 100 for such major instant where cloud is off due to breakdown for more than 24 hours...

**Data Security:** Since its Inception in 1995, MasterSoft never sales / shares / usages any data of client (whether confidential or not) with anyone under any circumstances. Best practices are adopted by MasterSoft to secure the data from Hacking / Virus/ Malicious attacks. However, in the event of such rarest of rare attack where security is breached & data is lost, Master Software will not be responsible and will not be liable to any sort of penalty under any circumstances. Institution staff & faculty / Students / parents must take utmost care and not to share the password with anyone. MasterSoft may only use sample non confidential data of Institute for demo purpose... same as we have shown to you before finalizing this order.
