### COMPETITIVE EXAM TRAINING REPORT 2023-24

Qualifying the NEET exam is an eligibility criterion for BDS students to enter into the MDS course. Knowing the importance of the exam, Inderprastha Dental College and Hospital offers the classes for training from I BDS to Intern students for competitive exam every year. The classes for training these students for competitive exams are held after the college timing i.e. at 3.30 to 4.30 pm every day. In 2023-2024, a new program is started named as “EXEMPLARY PREPARATION CLASSES – FOR COMPETITIVE EXAMINATION ASPIRANTS”.

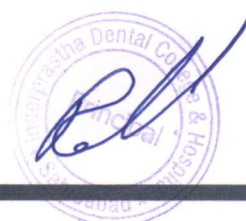

The classes were offered without any charges to all the students from 1<sup>st</sup>Year BDS to Interns but there is a greater participation from Interns batch as they will be appearing for the NEET exam soon after the completion of the course. Out of **122 outgoing students, 94 students participated** in the training classes.

The objectives of training the students for competitive exams is

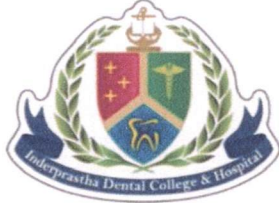

- 1- To make the students aware about the multiple choice based questionnaire
- 2- To offer an opportunity to all the students to undergo training for competitive exams,
- 3- To make the students confidence for appearing the NEET exam.

The students posted in the respective departments are guided in their departments by the staff. The basic sciences subjects are revised during Public Health Dentistry Department posting, by splitting the three months posting in to one month for Public Health and 2 months for basic sciences subjects. The students are given ample opportunity to learn all the required tactics and become confident for appearing in competitive exams. The training progresses systematically, there is a subject discussion on each topic with the staff followed by MCQ based test twice a month (at 15 day interval) through college ERP.

The exam evaluation is done and the question paper is discussed with the students immediately after the test. In the last 3 months of students internship, series of exams are carried out through college ERP system in which each test included 120 questions and students got 90 minutes to perform it. The result is prepared and declared to them.

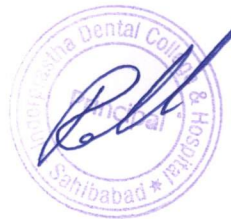

# **Inderprastha**

## **Dental College & Hospital**

It's made sure that the students who could not perform during the test, are encouraged to study harder and their morals are boosted to perform better.

### REPORT OF THE PROGRAM

Innovation is the cornerstone of progress in every field, driving growth, competitiveness, and societal development. Creativity and lateral thinking serve as catalysts for innovation, providing the means to break through traditional boundaries and explore new frontiers. This report delves into the significance of creativity and lateral thinking in fostering innovation across various domains, highlighting their importance, principles, and practical applications.

#### **OBJECTIVE:**

The objective of the program were as follows:

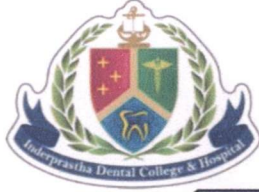

- Creativity and lateral thinking are indispensable in today's rapidly evolving world so this lecture enable students to adapt to change, solve complex problems, and seize opportunities that others may overlook.
- It helps students to learn techniques to stay ahead of the competition.

#### **OUTCOME:**

Creativity and lateral thinking are essential drivers of innovation, so at the end of the lecture students were able to break free from conventional constraints and chart new pathways to success. By fostering a culture that embraces creativity and encourages lateral thinking, they can unlock untapped potential and usher in a future defined by transformative innovation and progress.

### **MDS ORIENTATION PROGRAM, 2023**

#### **SUMMARY OF THE PROGRAM**

The MDS orientation program was conducted on 13<sup>th</sup> September 2023 to welcome the new batch of MDS 2023 in Inderprastha Dental College and Hospital. The program was aimed to introduce new postgraduate dental students about the curriculum, clinical training, institutional rules, and research opportunities.

Key sessions included an inaugural address by the Dr Rahul Paul, Director cum Principal, IPDC, a detailed program overview and introductions to clinical training and research opportunities. Students also met faculty members, received administrative briefings, and were introduced to professional ethics and the code of conduct. Interaction with senior students and mentorship programs helped build connections within the student community.

The orientation ensured students were well-prepared for the academic and clinical challenges ahead, fostering a strong foundation for their journey in the MDS program.

### BDS ORIENTATION PROGRAMME

#### ORIENTATION PROGRAMME FOR BATCH 2023

An orientation programme was held on 12th of September 2023 to welcome the new batch of BDS 2023 in Inderprastha Dental College & Hospital. The orientation ceremony was attended by the new students and their parents.

Orientations mark the start of a new beginning. The word 'orient' literally means to find one's footing or find your bearings.

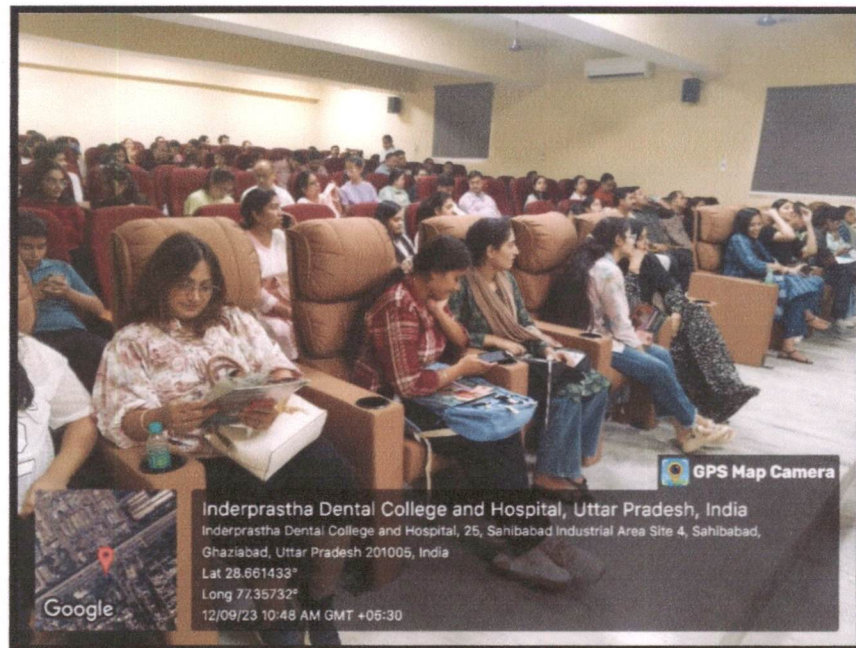

Welcoming the students, Dr. Rahul Paul, Director cum Principal IPDC highlighted the importance of value-based education that was being provided by the college. Sir impressed upon them to maintain a high degree of discipline and decorum for a fruitful learning experience.

A comprehensive overview of the B.D.S program was given by Dr. Preeti Upadhyay, HOD Department of Periodontology. She briefed the students about various aspects pertaining to student life at the campus with an emphasis on safety and anti-ragging measures. The students were then introduced to their respective teacher guardians which was followed by the data entry of all the academic details regarding the students in college software. The formal inaugural ceremony concluded with a Q&A session to clarify parents' doubts and lunch which was organized by the college for the students, parents and faculty members.
