WORLD ORTHODONTIC HEALTH DAY 15TH MAY 2023

Department of Orthodontics & Dentofacial Orthopedics organized celebration of world orthodontic health day on Monday, 15th May for their Undergraduate and postgraduate students. There was a creative wire bending competition held amongst 1st year MDS students and also amongst BDS Final year students. All students showed their creativity in the form of wire bending which was later honoured with prize distribution. Also, a photo backdrop was prepared by the students and there was a cake cutting ceremony to honour the occasion.
